

Issue-based Coalition on Health – Work Plan for the year 2022

Output (product & service provided)	Expected outcomes & indicators	Issues covered	UN agencies & other organizations involved
<p>Contact and check in with DCO and UNRCs biannually via email, to invite them to provide feedback about key issues, problem areas and/or support required from IBC-Health. This may lead to information exchange via email or a virtual meeting organised.</p> <p>Following check in, IBC-Health could share messages, key resources and best practices across the UN agencies and advocate on key health and well-being issues that are identified by RCs and UNCTs. This includes uploading key documents and tools on the UNECE repository.</p>	<ul style="list-style-type: none"> Understanding the priorities and needs of the UNCTs, UNRCs and regional UN system. Providing support on health and well-being issues that is specific to the country or multi country context. IBC-Health regularly engaging with DCO and UNRCs. 	<p>All.</p> <p>Please note, for this output, new issues may be introduced.</p>	<p>IBC-Health Secretariat leads this with input from all agencies</p>
<p>Sharing, distributing and advocating policy guidance, best practice and information about health and well-being issues to IBC-Health Secretariat.</p> <p>The Secretariat will upload relevant documents and tools online onto the UNECE repository and share resources, best practices and lessons learned with DCO, UNRCs and UNCTs.</p>	<ul style="list-style-type: none"> Up to date and evidence-based practice and policy is available to DCO, UNRCs and UNCTs on health and well-being issues. Health and well-being information, advice and messages are consistent across and within the European and Central Asian Region. 	<p>All.</p> <p>Please note, for this output, new issues may be introduced.</p>	<p>IBC-Health Secretariat leads this with input from all agencies</p>
<p>Develop ToR for IBC-Health co-chairs</p>	<ul style="list-style-type: none"> Clarity by all IBC-Health members and chairs on the role and expectations of the IBC-Health Chair. 	<p>N/A</p>	<p>Led by WHO/Euro with input by all agencies</p>
<p>Develop a guidance note for IBC-Health members as well as technical officers to assess Common Country Assessments (CCAs) and UN Sustainable Development Cooperation Frameworks (UNSDCFs).</p> <p>The guidance note will include prompts to consider health and well-being issues, including a focus on IBC-Health priority</p>	<ul style="list-style-type: none"> IBC-Health members and technical officers providing input into the development of or assessing CCAs or UNSDCF understand what needs to be included within both documents. 	<p>All</p>	<p>Led by WHO/Euro with input by all agencies</p>

<p>issues in one health approach, COVID-19, ageing and immunisation.</p>	<ul style="list-style-type: none"> Health and well-being issues are covered and promoted within CCA and UNSDCF reports. 		
<p>Provide technical support and input into the development of 5 CCAs, specifically:</p> <ul style="list-style-type: none"> Albania (new cycle Jan 2022) Armenia (new cycle Jan 2021) Belarus (new cycle Jan 2021) Georgia (new cycle Jan 2021) Montenegro (new cycle Jan 2022). <p>Specifically, support could include:</p> <ul style="list-style-type: none"> WRs and SRC engages with IBC-Health when a CCA process is announced. We support doing a health and well-being analysis in the country, which would serve as input for the CCA analysis. Support Country office in the iterations with the CCA development process, including by liaising with technical units within our organizations. Support PSG in the quality control as well as liaising with relevant technical units for advice. This includes using the guidance note developed, assess the quality of CCAs. 	<ul style="list-style-type: none"> Health and well-being issues are covered and promoted within CCA reports. Health and well-being is a central pillar within CCA reports. 	All	Coordinated by WHO/Euro with input by all agencies
<p>Provide technical support and advice into the development of 5 UNSDCFs, specifically:</p> <ul style="list-style-type: none"> Albania (new cycle Jan 2022) Armenia (new cycle Jan 2021) Belarus (new cycle Jan 2021) Georgia (new cycle Jan 2021) Montenegro (new cycle Jan 2022) <p>Specifically, support could include:</p> <ul style="list-style-type: none"> Provide technical support to WRs in preparation of the prioritization exercises, including follow-up of those exercises. Ensure coherence between priorities in BCAs, EPW and GPW and the Cooperation Framework. Liaise with technical units once priorities have been defined to identify effective policies and programmes to address those priorities. 	<ul style="list-style-type: none"> Health and well-being issues are covered and promoted within UNSDCF reports. Health and well-being is a central pillar within UNSDCF reports. 	All	Coordinated by WHO/Euro with input by all agencies

<ul style="list-style-type: none"> Support the identification of entry points for health and wellbeing in other priorities beyond the health sector. Support PSG in the quality control as well as liaising with relevant technical units for further advise. This includes using the guidance note developed, assess the quality of UNSDCF's. 			
<p>Support Member States updating their UNSDCF in response to COVID-19 pandemic and the socio-economic consequences of it.</p>	<ul style="list-style-type: none"> New health and well-being challenges and how to respond to these are reflected in countries' UNSDCF's. 	All	<p>Coordinated by WHO/Euro with input by all agencies</p>
<p>Promoting and communicating the WHO-UN-RCM coordination platform and the work being performed to UNCT, UNRCs and the DCO.</p> <p>This could be conducted via a biannual webinar or a regular update via email (monthly) sent to UNCTs, UNRCs and the DCO.</p>	<ul style="list-style-type: none"> UNCTs, UNRCs and the DCO are informed about the work of the WHO-UN-RCM coordination platform. Key messages shared by the platform with RCs will assist them in preparing statements at the country level that are consistent with those at the regional level. 	Regional WHO-UN-RCM coordination platform for COVID-19 (emergency platform)	<p>Coordinated by WHO/Euro with input by all agencies</p> <ul style="list-style-type: none"> Red Cross Medecins Sans Frontiers (MSF)
<p>Advocate and disseminate key tools through the agencies and relevant networks that assist Member States to provide basic services through the COVID-19 pandemic and beyond.</p> <p>Including:</p> <ul style="list-style-type: none"> Advocating for the use of the minimum initial service package (MISP) tool for sexual and reproductive health in crisis. Work with governments and civil society to integrate gender-based violence and HIV tools and services to women in the context of COVID-19. 	<ul style="list-style-type: none"> Up-to-date and evidence-based practice and policy is available to DCO, UNRCs and UNCTs providing basic health and social services to member states through the COVID-19 pandemic. Health and well-being information, advice and messages are consistent across and within the European and Central Asian Region. 	Regional WHO-UN-RCM coordination platform for COVID-19 (emergency platform)	<p>WHO/Europe UNFPA (MISP tool) UNDP (gender based violence tools, also working with Eurasian Women's Network on Aids (EWNA) and UNAIDS).</p>
<p>Joint statement, guideline or briefing note on COVID-19 vaccination, with a focus on vulnerable populations and health care workers</p>	<ul style="list-style-type: none"> Up-to-date and evidence-based practice and policy is available to DCO, UNRCs and UNCTs on COVID-19 vaccination. Health and well-being information, advice and messages are consistent across and within the European and Central Asian Region. 	<p>Immunisation</p> <p>Regional WHO-UN-RCM coordination platform for COVID-19 (emergency platform)</p>	<ul style="list-style-type: none"> WHO/Euro UNICEF IOM ILO

<p>Develop 3 guidelines/briefing notes on key one health messages to key target groups.</p> <p>Proposals:</p> <ul style="list-style-type: none"> • One health interventions to address AMR targeted for UNCTs and UNRCs. • One health messaging aimed at children to address zoonotic parasites/diseases in stray dogs. Delivered to UNCTs and UNRCs. • One health interventions to address Food Safety issues for UNCTs and UNRCs. 	<ul style="list-style-type: none"> • Build capabilities and raise awareness in UNCTs and UNRCs about the One Health Approach. • RCs deliver consistent and evidence-based messages on One Health interventions to address AMR, zoonotic parasites/diseases and food safety issues. 	<p>Building a healthier and greener world (encompasses one health).</p>	<ul style="list-style-type: none"> • WHO/Euro • FAO • UNEP • UNICEF
<p>Develop and organize a webinar for UNCT's and UNRCs to:</p> <ul style="list-style-type: none"> • Explain the terminology and the benefits from working with a One Health approach • Describe the importance of using a multisectoral approach to respond effectively to One Health Issues. • Identify who the One Health experts and focal points are in the European and Central Asian Region who UNCTs and UNRCs can call upon to provide advice and support when responding to one health issues. • Promote and advocate for the implementation of One Health approach into relevant programmes and projects that deal with health issues in the animal-human-environment interface, at the country and multicounty level. 	<ul style="list-style-type: none"> • Build capabilities and raise awareness in UNCTs and UNRCs about the One Health Approach. • RCs deliver consistent and evidence-based messages on One Health Approach. • One health experts in the European and Central Asian Region identified. 	<p>Building a healthier and greener world (encompasses one health).</p>	<ul style="list-style-type: none"> • WHO/Euro • FAO • UNEP
<p>IBC-Health advocate through its networks and partners, and provide any technical expertise to documents prepared for the 2022 European Ministerial Conference on Ageing</p>	<ul style="list-style-type: none"> • Build awareness for the Ministerial Conference on Ageing • Ensure documents prepared for the conference include up to date and evidence-based policy and advice. 	<p>Joint programme on ageing.</p>	<ul style="list-style-type: none"> • WHO/Euro • UNFPA • OHCHR • UNECE
<p>IBC-Health disseminate and promote through its networks and partners the WHO Europe "Age-friendly environments in Europe" handbook and policy toolkit.</p>	<ul style="list-style-type: none"> • Up to date and evidence-based practice and policy is available to DCO, UNRCs and UNCTs on healthy ageing issues. • Advice and messages on healthy ageing are consistent across and within the European and Central Asian Region. 	<p>Joint programme on ageing.</p>	<ul style="list-style-type: none"> • WHO/Euro • UNFPA • OHCHR • UNECE

<p>IBC-Health advocate through its networks and partners sub-regional launch events of the European Roadmap to implement the Decade of Healthy Ageing.</p>	<ul style="list-style-type: none"> • Build awareness of sub-regional events on the European Roadmap to implement the Decade of Healthy Ageing. • Up to date and evidence-based practice and policy is available to DCO, UNRCs and UNCTs on healthy ageing issues. • Advice and messages on healthy ageing are consistent across and within the European and Central Asian Region. 	<p>Joint programme on ageing.</p>	<ul style="list-style-type: none"> • WHO/Euro • UNFPA • OHCHR • UNECE
