The information was collected through an online survey targeting Result Groups and RC Offices between December 2021 and January 2022. Responses where receive from **12 UNCTs**, including **18 Results Groups** and **7 RCOs**. While requested by one or a few UNCTs, most areas of support if delivered would be supportive to all UNCTs, in particular those related to sharing of practises, strengthening of internal coherence and policies and support to engagement in global and regional events and processes.

SUGGESTION FROM UNCTs	CLIENT	RCP CONSIDERATION
Support **cross country experience sharing** and making available **examples and best practices** across countries, including for:		
o enhance access to and sharing of best practices across the region. Expand the access and content on SharePoint for active information-sharing to make it easier to develop regional-oriented knowledge products (ie. regional perspective on economic trends, etc.)	*Multiple UNCTs*	*Establish KM group to reflect on general structure for sharing of practices and link with KM hub*
o climate change adaptation and green transformation; land degradation neutrality; promotion of the renewable energy and environment friendly tools in production and processing processes; implementation of the EU Green Deal for the Western Balkans, with focus on areas that would call for inter-agency support;	*Kosovo (UNSCR 1244), Moldova, Turkmenistan*	*IBC Env & CC to support*
o digital solutions including soft and hard components for management of public health and educational systems/institutions, public administration units, banking sector, connectivity of infrastructure, infrastructure development, E-health and social protection, E-governance etc.;	*Turkmenistan, Ukraine*	*Digital Transformation Group to support*
o sexual and reproductive health and rights and youth;	*Albania*	*UNFPA (and others) to support*
o best practices of CCA content, data analysis, visualization, format, etc.	*Armenia, Kosovo*	*PSG to support*
Strengthening **internal UN coherence and policies** regarding:		
o support standardization of RBM structures;	*Albania but applicable to all UNCTs*	*PSG to reflect on scope and possibility for regional level progress*
o coherence of agencies' approaches for work with the private sector;	*Albania*	*Consider temporary task team to gather existing guidance on private sector engagement*
o organization of sub-regional/regional RC and Heads of agency meeting/conference for opportunities to exchange experience, best practice, common challenges and response methods;	*Kosovo, but applicable to all UNCTs*	*RCP to review proposal*
o support to convergence and synergetic programming among UN agencies, project development, quality improvement and	*Turkey*	*RCP to reflect on if within mandate and if*

development of knowledge products via consultancy services, effective advocacy, and prioritization of themes for single as well as joint action for member UN agencies;		*so how to provide ad hoc support*
o develop sustainable partnerships for, human rights, youth at risk, gender equality and legislation	*Turkmenistan*	*RCP to reflect on if within mandate and if so how to provide ad hoc support*

Support engagement in global processes and event preparation through:

o map the current (potentially overlapping agendas and processes) and develop "how to" guide that can be used for training Government representatives and helping them with clear steps facilitating integration into national plans and processes;	*Armenia but applicable to all*	*Temporary Task team to map global and regional agendas and identify possible guidance needed*
o develop key messages, briefing packages ahead of key regional events;	*Armenia but applicable to all*	*RCP members to inform RCP secretariat on key regional events requiring UNCT support for coordination of preparation*
o coordinated messaging for UN International days	*Multiple countries*	*RCP to consider need for communication group*

Trainings and capacity building of UN staff on:

o RBM/TOC, HRBA, principles of project design	*Albania, Kazakhstan, Kosovo, Uzbekistan*	*PSG to support*
o international agreements and treaties in the area of environment and climate change and how to support the Government in fulfilling their international commitments;	*Moldova, Turkmenistan*	*IBC on Env & CC to support*
o inter-agency training on green transformation, social protection and social cohesion, including identification of joint priority entry points.	*Kosovo*	*IBC on Env & CC with IBC on social protection to support*

Support SDG data strategy development through:

o support to development of an integrated (both admin data and survey data) Data Strategy to address national SDG gaps according to identified national priorities	*Albania, Kosovo, Tajikistan*	*Regional Coordination Group on Data and Statistics to support*
o conduct an interagency exercise of data mapping and development of a SDG driven data strategy, based on the data gap and institutional capacity in the country	*Albania,*	*Regional Coordination Group on Data and Statistics to support*
o ensure close cooperation with Regional Coordination Group on Data and Statistics.	*Turkmenistan*	*Regional Coordination Group on Data and Statistics to support*

Technical support [country specific requests]

o provision of temporary deployment of expertise (Human Rights capacities);	*Armenia*	*Request for support to be considered when submitted*
o technical missions to support social protection reforms focusing on intra UN, also UN-IFI (WB) collaboration; guiding on big emerging issues impacting social protection (ageing, pension reform etc);*	*Ukraine*	*IBC Social Protection to support*
o coordinate technical and policy advisory work and advocacy extended to the Government related to data, human rights, youth at risk, gender equality and legislation;	*Turkmenistan*	*Clarify if within the mandate/ scope of the RCP*
o support to create an enabling policy, legal and institutional environment for digital development at sectoral and national levels;	*Turkmenistan*	*Digital Transformation Group to support*
o develop relevant policy products and data collection/analysis in support of the national climate policy and NDC;	*Turkmenistan*	*IBC Env & CC to support*
o Follow up on the 2021 gender assessment scorecard and Action Plan, as well as PSEA Action Plan	*Turkmenistan*	*IBC Gender to support*
o Review of JWP to leverage regional/subregional platforms with the possibility of identification of regional/multi-country initiatives	*Albania, Kazakhstan*	*PSG to support*
